Guiding Principles

- **‘Decriminalisation is the Best Legal Framework for Sex Workers’**

Full decriminalisation of all forms of sex work is the only framework that enables us to work freely and safely and which supports a reduction in stigma.

- **‘Sex Work is Real Work’**

Respect Inc recognises sex work as a legitimate work option where people provide sexual services for profit or benefits similar to any other form of work.

- **‘Nothing About Us Without Us’ and ‘Our Bodies, Our Business’**

Sex workers must be involved at all levels in all research, policy and decision-making that is about us or governs us.

- **‘Sex Worker Rights are Human Rights’**

Recognition of our fundamental rights is key to reducing the stigma that endangers sex workers and encourages discrimination against us.

Mission Statement

We are Queensland sex workers voicing our need for human, industrial and workplace rights for all sex workers. We aim to improve the lives of sex workers by eliminating stigma and discrimination via social, legislative and political change.
